### Airport Parking Notification

The Minot International Airport is excited to start the inaugural service from Minot to Phoenix-Mesa on Allegiant airlines beginning March 3<sup>rd</sup>. Due to the expected amount of passenger and vehicle traffic during the month of March, and to help assist the congestion of vehicles within the airport parking lot during this time, please use these considerations during your travel plans and coordination:

- If local, car-pool or get dropped off / picked up at the airport
- Take a taxi, bus or shuttle to/from the airport
- If spending the night at a local hotel/motel, most places offer a free shuttle service. Ask if there is a "park and fly" option where you are staying.
- Be considerate of the parking spaces available. Do NOT double park.
- Arrive early and be patient if you need to wait for an available spot

Winter weather is still upon us and be prepared for travel delays or cancelled flights. Monitoring your airline flight schedule status via the internet or through arrival and departure information is the best option.

Please check with your air carrier online or using the 1-800 phone number for flight information updates or to rebook your flight.
