

MINOT INTERNATIONAL AIRPORT NEWSLETTER

WELCOME TO SUMMER!

2024 is looking to be a busy year for Minot International Airport (MOT)! We have future construction projects, a Fly-In and pancake feed, a tabletop exercise and more. We look forward to seeing everyone and continuing to work together to have an adventurous and prosperous year!

TOUR

Teaching kids about Airports

Tour groups from local schools waving goodbye as they get to watch planes take off to their next destination!

As the school year ended for Minot and the surrounding communities Minot International Airport has the opportunity to show students around the terminal. So far this year we have had the pleasure of hosting three different schools. The kids always arrive with a lot of questions and an unbeatable amount of energy.

They learn a little about everything from the perspective of a traveler from ticketing through boarding and get the behind-the-scenes scoop on what it is like to work in an airport. The favorite locations for the kids are usually the jet bridges, play area, baggage screening, and the triturator room as they learn how a human can become a smurf for the day (if you know you know).

We invite anyone who knows of a school looking for a fun way to spend part of their day to reach out to the Administration office to get something scheduled.

Newsletter Highlight

STOP THE BLEED TRAINING

Safety and Security Specialist Judy worked in conjunction with Trinity Health to bring some amazing training to MOT.

We invited our tenants and received hands on experience in how to help someone who is injured and bleeding. This included kits and important instructions on the proper steps to take to save a life.

Thank you for taking the time to come out and provide training to the Airport to be able to be of better service to our passengers.

MOT UPDATES

Cleanup Week

As winter thawed away and the winds picked up it brought along a common visitor for MOT: GARBAGE! MOT employees along with members of the community and tenants worked together to help clean up the airport property especially along the garbage catching fencelines. THANK YOU EVERYONE FOR YOUR HARD WORK!

Thank You

FLY-IN AND PANCAKE FEED

MOT, in conjunction with the General Aviation Community, is working on planning a fly-in for this summer. Due to ongoing summer projects the feed has been postponed until August with a definitive date to be determined.

We are reaching out to local boy scouts and other groups to see if they would be interested in hosting the event and selling some delicious breakfast to some hungry pilots. It is our goal to make the day spectacular and highlight our partners in General Aviation.

Once the date is set anyone who would like to volunteer to help plan the event, please reach out to Jessica Long at jessica.long@minotnd.gov

General Aviation Tenant Spotlight

Pioneer Agviation II

Tis the season! It is officially spring and summer at MOT which means the return of our favorite Crop Sprayers. Pioneer Agviation II is a crop spraying company and a seasonal visitor to MOT. Their planes are visible on the General Aviation ramp throughout the year.

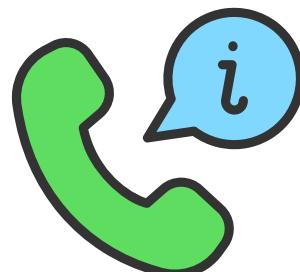

They will be **BUSY BUSY BUSY** over the next few months!

Thank you for the work you do for Minot and surrounding communities every year.

**THANK YOU
FOR EVERYTHING!**

**Pioneer Agviation is looking
for help for the current spray
season. If you are interested
please call**

Terminal Tenant Spotlight

Overland West, Inc., started as a Hertz Rent-A-Car licensee in 1941. At the time, our company's name was W. Gwilliam, Inc., named for the founder, Wilford Gilwilliam. Mr. Gwilliam chose to start his car rental business in Ogden, Utah because his vision was to provide car rental services to railroad passengers, and Ogden was home to the largest train depot between Chicago and the west coast. After WWII, Mr. Gwilliam opened several other Hertz franchises in cities that had viable train depots, including Las Vegas, Nevada, which he sold back to the Hertz Corporation in the 1950's after air travel took center stage in the travel industry.

Our current owner, Mr. Jerry H. Petersen, went to work for W. Gwilliam, Inc. while going to college in 1962, and was eventually named General Manager. In 1976, Mr. Petersen entered into an agreement to purchase the company and legally changed the Company's name to Overland West, Inc. At the time Mr. Petersen purchased the company, the company was operating Hertz Rent-A -Car franchises in airports serving seven cities, four of which we currently operate.

Since acquiring the company, Mr. Petersen has made numerous acquisitions from the Hertz Corporation and other licensees, and today we operate 28 Hertz franchises in 7 states, 7 Dollar franchises 6 states, and 8 Thrifty franchises in 6 states. Our company continues to grow, and we expect to add more locations within the next year.

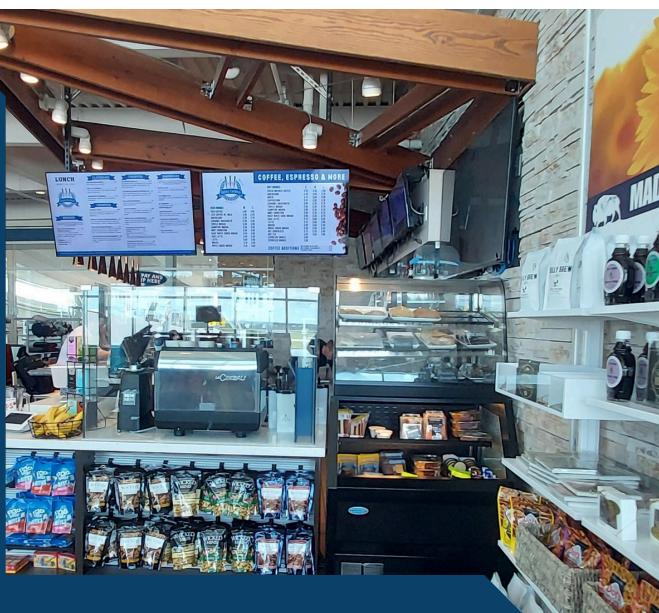

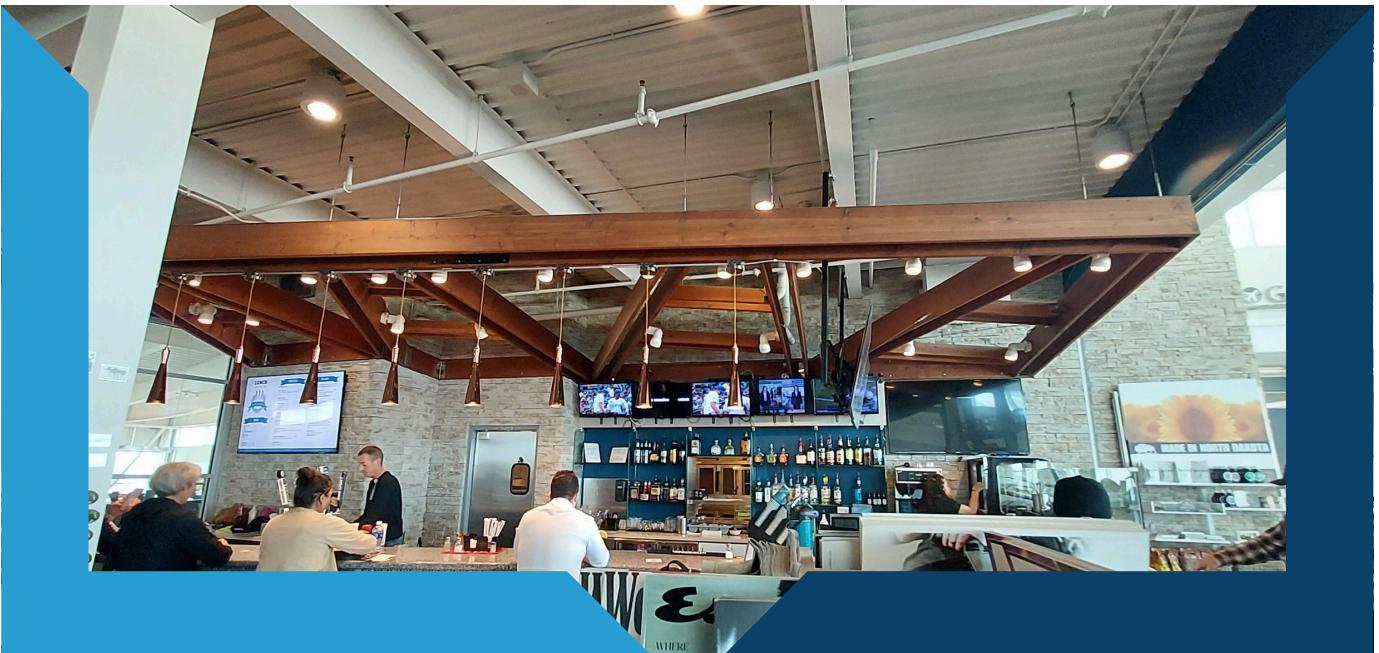

On July 1, 2017, we purchased the Hertz franchise in Minot, adding Minot to our list of locations in North Dakota. We currently operate Bismarck, Minot, Dickinson, Williston, Grand Forks, and Fargo! Making us the only Hertz Rent-A-Car provider in North Dakota.

Trestle Tap House Renovation

The renovations are complete and the new improved Trestle Tap House including some new displays for ND products and more grab and go options. Stop by and check it out!

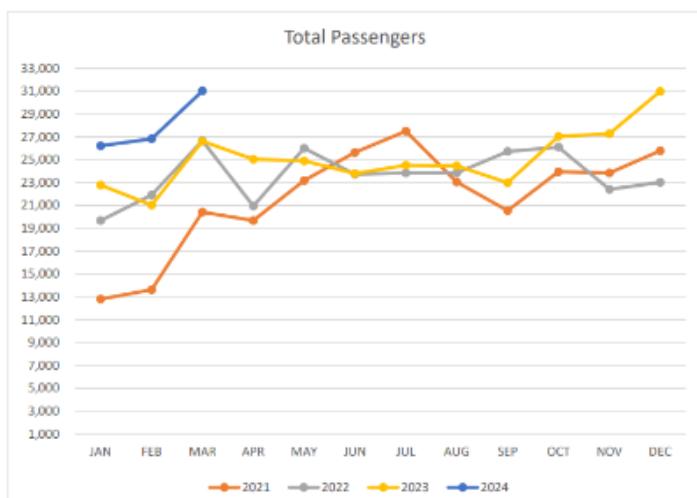

The Business of Airports

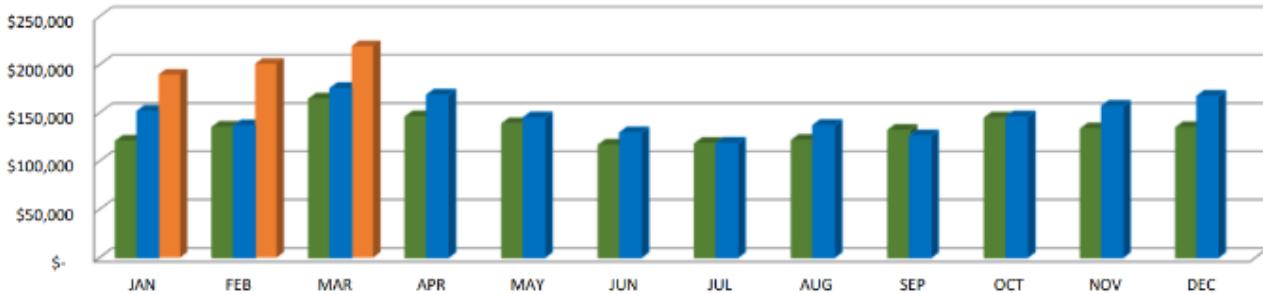

With the addition of the newest destination of Sandford Orlando the Airport has been busier during the first few months of the year than normal. These flights have had consistently high load factors performing well above our averages the first quarter averages in 2023 and the national average.

With the increase of flights, the concessionaires in and around the airport have had growth and a great start to 2024. Comparison to 2021-2023 numbers shows statistically lower averages in the Jan-March timeframe.

MOT is grateful for the hard work and dedication from all of our tenants and partners who continue to work hard and provide amazing service to our community and beyond.

forget

Reminder

It is the responsibility of every ID Media holder to ensure that all gates and doors are secured behind them.

If you hear a door alarming or discover a door has been left unsecured you must secure the door and inform the airport immediately.

Your guests and visitors are your responsibility. If you allow a visitor to drive on the Airport make sure to brief them ahead of time and escort your visitors at all times.

Never leave a guest to find
their way off of
the Airport alone!
