This is the twelfth weekly newsletter update regarding the summer 2024 construction projects at Minot International Airport.

### TAXIWAY B2 AND TAXILANES A & B RECONSTRUCTION

- Phase 2 construction continued this week on Taxiway B2. The second week of construction involved installation of aggregate base material.
- Project Lookahead**
  - Phase 2B construction will begin on Tuesday, September 3rd. This phase will require the closure of Taxiway B between Runway 8-26 and Taxiway C3.
  - A two-day closure of Taxiway F will begin on Thursday, September 5th for pavement patching work.
  - Phase 2 is expected to be completed on Monday, September 10th, after which Taxiway B and B2 will reopen.

### WILDLIFE HAZARD REMOVAL PROJECT

- The contractor has continued ditch excavation in the Phase 1 area of the project and construction of embankment and filling in of wetland areas in the Phase 2 work area.
- Project Lookahead**
  - Next week, the contractor will continue with the excavation and embankment construction carried out this week and begin to install storm water infrastructure in the Phase 1 & 2 work areas.
  - Starting Tuesday, September 3rd, Taxiway C located between Taxiway F and Taxiway C4 will be closed on a daily basis between 7:00AM and 8:30PM to accommodate adjacent grading construction. This closure duration is anticipated to last one week.

***Please check NOTAMs for up-to-date information regarding the airfield status.***
