This is the thirteenth weekly newsletter update regarding the summer 2024 construction projects at Minot International Airport.

### TAXIWAY B2 AND TAXILANES A & B RECONSTRUCTION

- Phase 2 construction continued this week on Taxiway B2. The third week of construction involved pavement demolition, installation of aggregate base, and asphalt paving.
- Pavement patching is being completed on Taxiway F next week. This work will begin on Monday, September 9th and should be completed by Tuesday, September 10th.
- Project Lookahead**
  - Phase 2 is expected to be completed on Tuesday, September 10th, after which Taxiway B and B2 will reopen.

### WILDLIFE HAZARD REMOVAL PROJECT

- The contractor has continued ditch excavation in the Phase 1 area of the project and construction of embankment areas in the Phase 2 work area.
- This week, grading work adjacent to Taxiway C has begun. To accommodate this work, Taxiway C will be closed from Taxiway F to Taxiway C4 on a daily basis between 7:00AM and 8:30PM.
- Project Lookahead**
  - Next week, the contractor will continue with the excavation and embankment construction carried out this week and begin to install storm water infrastructure in the Phase 1 & 2 work areas.
  - Taxiway C is expected to reopen following the completion of Phase 1A construction, which is expected to be on Thursday, September 12th.

**Please check NOTAMs for up-to-date information regarding the airfield status.**
